

# Welcome New 6th Grader!

To participate in the D.I.Y. Button activity at home, you can draw your design in the three circles to the right. Each participant receives 3 buttons. Keep the details of your design within the dotted line. Its ok to have some of the design go outside the dotted line just know that the space between the dotted line and the solid line will wrap around the sides of the button, and may not be visible.

Please create your designs and return to Teen Services to complete your button.

---

Please fill out the information below so we can return your completed buttons.
